

CERTIFICATE

The company

KERMEL
20 rue Ampère
68000 Colmar, FRANCE

is granted authorisation according to STANDARD 100 by OEKO-TEX® - Supplement „Personal Protective Equipment (PPE) and materials for PPE“ to use the STANDARD 100 by OEKO-TEX® mark, based on our test report **22-01823**

Tested for harmful substances
www.oeko-tex.com/standard100

for the following articles:

KERMEL® meta-aramid fibres, mass dyed, Charcoal grey, Navy blue, Indigo blue and Storm blue colors. tested and certified according to STANDARD 100 by OEKO-TEX® – Supplement „PPE and materials for PPE“

The results of the inspection made according to STANDARD 100 by OEKO-TEX® – Supplement „PPE and materials for PPE“, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® - Supplement „PPE and materials for PPE“ presently established for products with direct contact to skin.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

For the sake of the marketability of the certified items in **Norway**, compliance with the legal requirements there must be ensured independently, possibly through additional measures. The responsibility for doing so lies with the certificate holder or other users of the certified item.

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate CQ 825/1 is valid until 30.09.2023

Lyon, 30.09.2022
